I am a fresh graduate with a bachelor's degree in Chemistry, who has a deep understanding of scientific principles and practical applications in the real world. I have experience in various organizations on campus and working in campus laboratories. I can work in a team or individually with the ability to adapt to all conditions and challenges. I can also work well following procedures and work systems in full initiative. I can work well under pressure and meet specified deadlines.

Work Experiences

IPB University - Bogor, Indonesia

Aug 2022 - Nov 2023

Laboratory assistant

- Assisted in carrying out the practicum process and supervised the smooth running of the practicum process.
